

CLIMBING THE LADDER TO SUCCESS PART THREE - PART A JE/JF

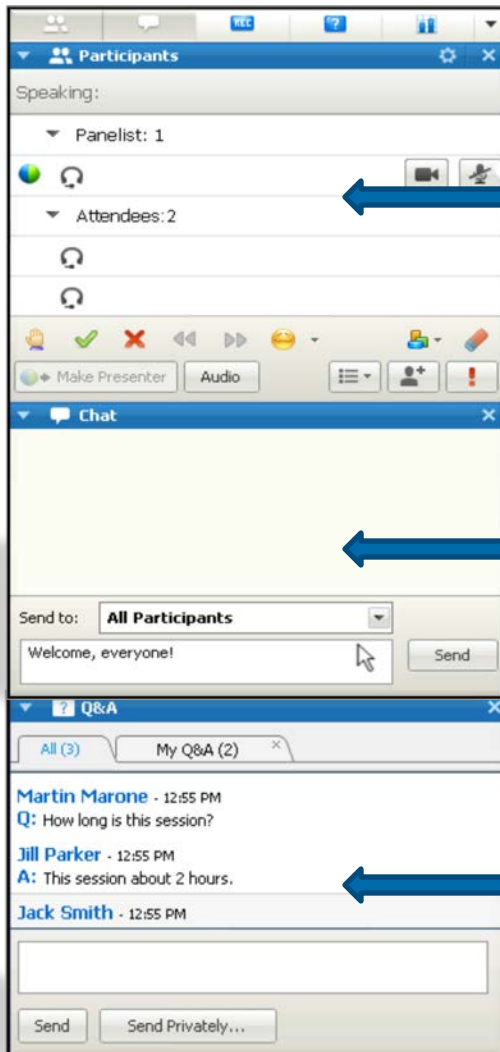

Presented by: Provider Outreach and Education
2014

Workshop Protocol

- Cannot register with WebEx using mobile device
 - Must use desktop or laptop
- When entering/throughout workshop – all lines muted
- Presentation emailed 3 days before webinar
 - Adobe PDF format (with printing instructions)
- Throughout workshop
 - Questions **pertinent** to workshop slide addressed
 - Address Q & A to “all panelists”; **not** to host directly
 - All other questions, call Part A Provider Contact Center
- Workshop conclusion
 - Asking questions aloud? Use “raise/lower hand” feature
 - MUTE phones – never place on HOLD

Using WebEx During Workshop

Participants

You have the option to ask a question at the end of the workshop. Use the raise/lower hand feature. Once your question is answered, you will need to lower the hand.

Chat

If you are not the person that registered for this workshop, enter your name, facility & city/state in this section. This helps track attendance for both you and Noridian.

Q&A

If you have a question during the workshop, type your question in the box and send to all panelists, not the host. We will respond to questions in the order they are submitted. Keep questions to topic and previous slides discussed today.

Continuing Education Unit (CEU)

- When registering, add additional attendees
 - First and last names
- Attend entire workshop
 - Optional to stay for Q/A
- Take short polling survey
 - **After** closing out of webinar
- CEU emailed 3 days after presentation
 - Earn between .5 and 1.5 CEUs
 - No password or index number needed
 - All providers use CEU certificate
 - Certificate of Attendance no longer available

Forms

Step Six Avoiding Returns

Using the Correct Forms

- When sending information to Medicare the difference between getting a timely response vs. a return to sender is often as easy as selecting the correct form or P.O Box.
- A misused or misdirected piece of correspondence can take up to 6 days for it to be sorted, reviewed, sent to the correct department or returned to the provider.

Most Common Form Errors

- Wrong form selected
- Mismarked state
- What kind of appeal – RA, CERT, ZPIC
- No signature or wrong person signs

Immediate Offset Request Form

- Immediate Offset Request Form
 - Noridian prefers faxed @ **701-277-6572**
- Includes your choice of:
 1. One-time request for the current overpayment and all future overpayments
 2. Request specific overpayment addressed in Demand letter

- Immediate Offset Request Form
- Provider/CFO signs
- https://www.noridianmedicare.com/parta/forms/docs/immediate_offset.pdf or
<https://med.noridianmedicare.com/documents/10521/13930/ImmediateOffsetJEA.pdf>
- 2 request choices

Medicare Learning Network® Product Updates

August 15, 2014

New Products

MLN Matters® Special Edition Article #SE1424, “Intravenous Immune Globulin (IVIG) Demonstration - Implementation” has been released and is now available in downloadable format. This article is designed to provide education on three year demonstration that CMS is conducting to evaluate the benefits of providing payment for the in-home administration of IVIG regarding the treatment of Primary Immune Deficiency Disease (PIDD). It includes background information, beneficiary eligibility requirements and billing details.

MLN Matters® Special Edition Article #SE1425, “Extension of Provider Enrollment Moratoria for Home Health Agencies and Part B Ambulance Suppliers” has been released and is now available in downloadable format. This article is designed to provide education on the extension of the temporary moratoria for an additional 6 months in certain geographic locations. It includes background information and tables.

New Continuing Education Association Now Accepting MLN Web-Based Training Courses

The latest continuing education association to accept MLN web-based training (WBT) courses is the American Institute of Healthcare Compliance, Inc. (AIHC). AIHC joins the AAPC, American Association of Medical Assistants (AAMA), the American Association of Medical Audit Specialists (AAMAS), the American Medical Billing Association (AMBA), the California Certifying Board for Medical Assistants (CCBMA), the Healthcare Billing & Management Association (HBMA), the Medical Association of Billers (MAB), the National Academy of Ambulance Coding (NAAC), and the National Center for Competency Testing (NCCT), and the Practice Management Institute (PMI).

For more information about continuing education associations that accept MLN WBT courses, visit the [Association Approvals for WBT Credits](#) web page. If the association you belong to accepts outside credit sources and is not on the list, you should contact them to see if they are interested in working with the MLN. If they are interested, the association should email CMSCE@cms.hhs.gov.

Revised Products

The “**Screening, Brief Intervention, and Referral to Treatment (SBIRT) Services**” Fact Sheet (ICN 904084) was revised and is now available in downloadable format. This fact sheet is designed to provide education on screening, brief intervention, and referral to treatment services. It includes an early intervention approach that targets those with nondependent substance use to provide effective strategies for intervention prior to the need for more extensive or specialized treatment.

The “**Medicare Fraud & Abuse: Prevention, Detection, and Reporting**” fact sheet (ICN 006827) was revised and is now available in a downloadable format. This fact sheet is designed to provide education on preventing, detecting, and reporting Medicare fraud and abuse. It includes fraud and abuse definitions, as well as, an overview of the laws used to fight fraud and abuse, descriptions of the government partnerships engaged in preventing, detecting, and fighting fraud and abuse, and resources on how providers can report suspected fraud and abuse.

The “**Durable Medical Equipment, Prosthetics, Orthotics, and Supplies (DMEPOS) Information for Pharmacies**” Fact Sheet (ICN 905711) was revised and is now available in downloadable format. This fact sheet is designed to provide education for pharmacies on durable medical equipment, prosthetics, orthotics and supplies (DMEPOS). It includes information on accreditation by a Centers for Medicare & Medicaid Services (CMS) – approved independent national Accreditation Organization (AO) as well as information if a pharmacy wants to be considered for an exemption from the accreditation requirements.

The “**Medicare Learning Network® (MLN) Suite of Products & Resources for Educators and Students**” Educational Tool (903763) was revised and is now available in downloadable format. This educational tool is designed to provide education on products that supplement the health care educational curriculum at technical schools and community colleges. It includes information on Medicare Program basics, business requirements and federal initiatives and incentives as well as, suggested web-based training courses to challenge students.

The “**Medicare Learning Network® (MLN) Suite of Products & Resources for Billers and Coders**” Educational Tool (904183) was revised and is now available in downloadable format. This educational tool is designed to provide education on Medicare Program policies and procedures, accurate claims review and submission, business requirements and federal initiatives and incentives. It includes information and direct links to billing and coding products designed to equip office professionals with a better understanding of the Medicare Program basics and accurate billing procedures.

MLN Provider Compliance

Fast Fact

When a beneficiary receives an Evaluation and Management Service (E&M) service with a psychotherapeutic service on the same day, by the same provider, both services are payable if they are significant and separately identifiable and billed using the correct codes. For more information, please refer to [MLN Matters® Special Edition Article # SE1407](#).

[View previous fast facts](#)

The Medicare Learning Network® (MLN) Provider Compliance page contains educational products that inform health care professionals on how to avoid common billing errors and other improper activities when dealing with various CMS Programs. CMS' claim review program's overall goal is to reduce improper payment error by identifying and addressing coverage and coding billing errors. Since 1996, CMS has implemented several initiatives: to prevent improper payments before a claim is processed; and to identify, and recoup improper payments after the claim is processed.

The Downloads section contains MLN products, MLN Matters® Articles, and the "Archive of Medicare Quarterly Provider Compliance Newsletters" which have been designed to provide education on common billing errors and other improper activities. These lists, as well as other information in the Downloads and Related Links section, are updated as new products and articles are developed and existing products and articles are revised.
